

Retention Program

2021-22

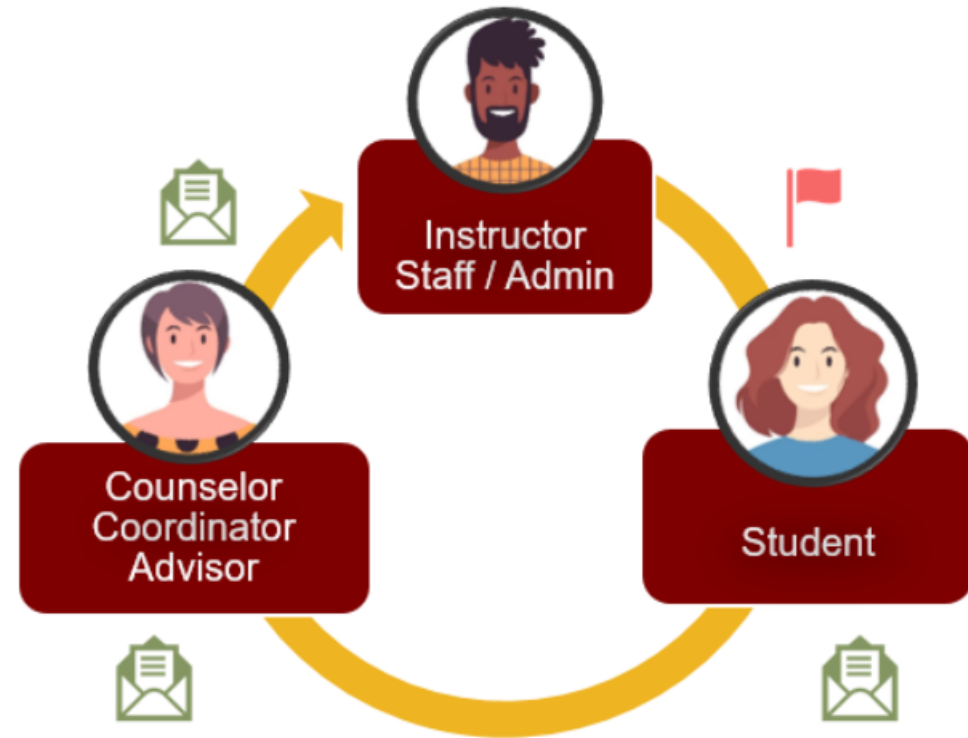

# Why Early Alert?

Early Alert is designed for the early identification of students who may be experiencing academic difficulty, and to connect these students with campus resources that can provide the appropriate interventions needed for their success.

# Early Alert Process

- De Anza employee raises a concern thru Early Alert system
- An notification is sent automatically to the student and service or program
- The service or program connects the student with a counselor and notifies the instructor
- Once the counseling session is complete, the student and instructor receives a notification automatically

# Early Alert Data

Early Alert launched in the fall 2021 with the following results:

- 210 Early Alerts raised
- 407 Early Alert Student Contacts
- 103 Early Alert Appointments
- 39 Faculty participated from
  - 17 De Anza Departments

**\*Winter 2022 preliminary results:**

- 120 Early Alerts raised
- 292 Early Alert Student Contacts
- 51 Early Alert Appointments
- 10+ Faculty participated from
  - 9+ De Anza Departments

- 12+ Faculty participated from
  - 9+ De Anza Departments

\*Glitch with the Early Alert system. Early Alerts were raised thru the system beginning 5<sup>th</sup>/6<sup>th</sup> week of Winter 2022 term.

# Faculty Testimonials

“The Early Alert process may have helped this student. Last week the student submitted 5 out of 7 assignments and that is why I sent the Early Alert. [An] email message from the student explain[ed] why they missed the two assignments. While "She believes she has submitted all her assignments", the student wrote in the message...about her two missed assignments. Thank you again for your help and support for our students.”

“I'm sure I speak for many instructors in saying how much I appreciate your efforts on behalf of our students. What a pleasure to work in collaboration with such committed and talented colleagues! Thank you so much for what you and your staff bring to our academic community.”

# Discussion

1. How can we continue to support you with your efforts?
2. How can we increase the utilization of Early Alert?

# Thank You
