I. Hiring Committees

A. Medical Laboratory Technician instructor/ coordinator

Anita Muthyala-Kandula	Dean BHES, Chair of Committee
Maureen Miramontes	Faculty, HTEC
Judy Cuff Alvarado	Faculty, Biology
Jason Bram	Faculty, HTEC
Amy Leonard	EO Representative

Statement of Division or Department Selection Process: Each hiring committee will be structured to include representation from all groups within the Division, when possible. The Dean will send out an email to the entire division recruiting volunteers to serve. The Department Chair or Program Coordinator for the Department or Program most impacted by the hiring will be invited to be on the committee. Other volunteers will be solicited based on the requirements/limitations of the contract in reference to the specific hiring action and numbers of individuals allowed on the committee. Once volunteers are sought, and approved, the Dean will forward the appropriate requests for approval to the contractually designated body. In this case we were limited by the number of faculty willing to serve.

B.Updated - Faculty Coordinator/Counselor, PRIDE Center
